

# BUSINESS AUTO COVERAGE

*Protection for the vehicles that drive  
your organization*

---

Whether your organization uses its vehicles to transport staff, haul donations or shuttle members to events, the cars, vans and trucks you use are invaluable. Protecting your vehicles is important for financial purposes, but also because your staff and your people depend on them to deliver the services your organization offers to the community.

From vehicle damage to personal injury protection, GuideOne's Business Auto Coverage helps protect the vehicles your organization owns, leases or rents for business purposes.

---

### ***How It Works***

There are a number of reasons that your organization's fleet of vehicles could be the subject of a claim. Our Business Auto Coverage provides extra assurance that your vehicles are covered. If one of your vehicles is involved in an accident or suffers damage, you may be protected from costs associated with:

- + Bodily injury to others
- + Physical damage to your vehicle
- + Property damage to others
- + Medical payments or no-fault medical (personal injury protection)
- + Uninsured motorist coverage
- + Underinsured motorist coverage

GuideOne also has coverages for your organization's use of a hired, non-owned or borrowed vehicle. Coverage for volunteers is also available.

### ***You can't predict the future. But you can prepare for it.***

Our Business Auto Coverage is a proactive way to protect everything you've worked so hard to achieve. Give yourself peace of mind knowing that your organization and its assets are safe from financial devastation.
