*Specialized Coverage for K-12 Schools*

---

Comprehensive insurance designed to  
protect your school, students and staff.

# Education is your calling.

*We'll help keep your focus on lesson plans,  
not insurance plans.*

Between advising students, guiding teachers, navigating the ins and outs of running a school, and generally inspiring the future, your day is pretty full. The least we can do is handle your insurance with thoughtful, comprehensive policies.

At GuideOne Insurance, we understand your needs, not just because we've been in the business for more than 70 years, but because we're in your community, embracing the same causes and values that are ingrained in everything you do. We see how much you invest in your school and your students, and we know you have a lot of people depending on you. We won't let them — or you — down.

More than 50,000 commercial policyholders trust us with protecting their organizations. And we'd be proud to protect yours, too. When the unexpected happens, we're here to provide strength, radiate positive energy and work alongside you so you can focus on the things that matter most.

GuideOne has been an advocate and an innovator for educators, like you, since our founding in 1947. In 1962, we recognized that community organizations were in need of an affordable, efficient insurance product that rolled many coverages into one. To fulfill the needs of our customers and our communities, we developed the first multi-peril policy, protection against different kinds of losses all covered under one package, making your insurance more convenient and more economical.

More than 50 years later, our values haven't changed. With an eye on the ever-evolving world around us, we continue to create policies that address current needs and make sense for you and for the students and staff you serve.
